

TARRANT COUNTY PUBLIC HEALTH DATA BRIEF

MENTAL HEALTH IN TARRANT COUNTY

MENTAL HEALTH VS. MENTAL ILLNESS

MENTAL HEALTH

- Includes our emotional, psychological, and social well-being
- It affects how we think, feel, and behave
- It helps determine how we relate to others and make healthy choices
- **Everyone has mental health**; it can range from poor to excellent and can vary over one's lifetime

MENTAL ILLNESS

- **Clinically diagnosable illness** that affects a person's thinking, feeling, mood, or behavior
- Affects one's ability to relate to others and function each day
- Conditions may be occasional or long-lasting
- Examples are depression, anxiety, bipolar disorder, or schizophrenia

Mental Health Not Good
Tarrant County adults aged 18+ who reported mental health not good for **5 or more days** during the previous 30 days

Frequent Mental Distress
Tarrant County adults aged 18+ who reported mental health not good for **14 or more days** during the previous 30 days

There were statistically significant differences by gender and employment in self-reported poor mental health days. However, there were no statistically significant differences by race/ethnicity, education or income among mental health indicators.

Figure 1. Prevalence of selected mental health indicators among Tarrant County adults aged 18 years and older by gender and employment status, 2020

DEPRESSIVE DISORDERS[†]

ONE out of **SIX** Tarrant County adults has been diagnosed with a depressive disorder

The percentage of adults reporting depressive disorders was **twice as high** among Tarrant County adults in their 30's compared to those aged 60+

The prevalence of depressive disorders was **higher** among **females** compared to males (22% vs 14%) and **sexual minorities** compared to heterosexuals (24% vs 18%) but not at statistically significant levels

KNOW THE SIGNS OF DEPRESSION

Persistent sadness, anxiety, or "empty mood"

Loss of appetite

Feelings of inappropriate guilt or hopelessness

Decreased energy or fatigue

Changes in sleep pattern

Thoughts of death or suicide
